His new name is Tomas Tataaarrrr.Derek Toulouse, a construction worker for 20 years, is the reason why, because it's just the way the Internet works. His compensation for Tatar's renaming was the opportunity to meet the Canadians after Tuesday's match against carolina Hurricanes. Tweet from @NHL: TATAARRRRRRR. → pic.twitter.com/aPICqVjC9EI reached out to me on Instagram and invited me to the game, Toulouse Toulouse NHL.com after losing in Montreal, 2-1. It's crazy. I didn't expect that at all. It's a lot of fun. Coming to the game and meeting Tatar is a great experience. Toulouse is a lifelong Canadian fan. He recently went viral for the enthusiastic pronunciation of his favorite player's name. Tweet from @DerekToulouse: Big goal tonight @TomasTatar90 going to the cup @GMolsonCHC @Palambert1234 pic.twitter.com/ylEVEXRl3EHow started? It's pretty simple. A cameraman from the Bell Centre surprised Toulouse in the right mood. It's an easy name for a francophone. After a few beers, it was easy for me to walk in front of the camera, Toulouse said. It wasn't until the next morning that I realized how big it was. All my friends were texting me, telling me they were everywhere. Even Tatar noticed. Tweet from @TomasTatar90: Absolute Legend. 🏒🏒🏒🏒 I owe this guy a few more brewskies 🍺 I think he's talented, he works hard, Toulouse said. I'm very happy to be playing for my favorite team now. Video: VGK@MTL: Habs fans amplified for Tatar's contributions increase the image of a game played on ice, in which players use long sticks to hit a hard rubber disc (called a puck) in the goalCulture of another hockey teamIn UK hockey covers field hockey. Ice hockey is called ice hockey. In the U.S. ice hockey is much more common and is simply called hockey. Both sports are played by both men and women. In field hockey there are 11 players on each team, five strikers, three defenders, two defenders and a goalkeeper. A hockey field (NAME) is 100 metres long/91 metres long and between 55 and 60 metres/50 and 55 metres wide. There's a goal at every end. The goal of the game is to hit a little white in the other team's goal with wooden hockey sticks. A goal is worth a point. Each game has two 35-minute rounds. A game starts with a pass-back: a striker hits the ball, but is not allowed to cross the midline until another player from either team hits it as well. There is also an indoor hockey game played with six in each team. The modern game developed in England in the mid-19th century, and the first hockey club was formed in 1862. English clubs are now organised in a league with one Premier Division and three regional divisions. The Scottish Hockey Union leads leagues in Scotland. Sport is not shown on television as much as cricket, rugby or football and most people could not name any famous hockey players. In the UK ice hockey attracts relatively little interest. An English professor visiting Harvard University introduced the sport to the U.S. in 1901. At first it was played only by women, and the first men's game was only in 1928. In the U.S. the game controlled by the US Field Hockey Association. It is less popular than in contrast Britain.By, ice hockey, first played in Canada, has long been popular in the US. It's a fast and exciting sport. Each team has six players, one centre, two defenders and wingers, all of whom try to score, and a goalkeeper. Players wear skates and have helmets (= hard round hats), gloves and protective pads. They use long wooden sticks to hit the puck (= a small, hard rubber disc) in the opponent's lens. If I succeed, I'll score a point. The surface of the ice rink (= the ice surface on which the game is played) is up to 67 metres long/61 metres long and 33 metres/30 metres wide and is divided into an attack area, a neutral zone and a defence zone. A game has three 20-minute periods. The game starts with a face-off when the referee drops the puck between two opponents players. Defenders try to prevent the opposing team from scoring and can check (= crash in) another player with their bodies. Professional players often have fights on ice, and the game has been criticized for being too violent. A player who commits an illegal action goes to the penalty box for a period of between 2 and 10 minutes and the team must continue without him or her. The best teams in the Eastern Conference and the Western Conference play to decide which two will be in the Stanley Cup. The Hart Memorial Trophy is given to the best player, and Wayne Gretzky, considered by many the best ice hockey player of all time, won it eight times between 1980-1987 and 1989. Among the most successful teams for the U.S. were Detroit Red Wings, Boston Bruins and Chicago Blackhawks.Topics Sport: other sports2 sportsa2
